# Unswer

When a remedy has lived for over thirty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their verylives to it, is it not reasonable to believe that it is an article of great merit?

We challenge the world to show any other one remedy for a special class of disease which has attained such an enormous demand and maintained it for so many years as has Lydia E. Pinkham's Vegetable Compound, the famous woman's remedy for woman's ills. Unless it is a wonderfully good medicine and the claims made for it are honest, such a record would have been impossible - fraud or misrepresentations would long ago have been detected and the business gone into oblivion. Read this unsolicited letter:-

Chester, Ark.—"I used to think I had no use for patent medicines and would not read the advertisements. I think now that, if I had, I would have taken your medicine and saved myself years of suffering. Lydia E. Pinkham's Vegetable Compound was recommended to me, and a bottle bought for me to give it a trial. I had suffered with a displacement for twenty years, and when Change of Life came it grew worse, and I got so nervous I could not sleep at night and could hardly get around by day. I suffered agonies. I took that bottle of Compound, and it helped me so much that I have taken three more since then, and I feel like a different person already. I tell all women to try the Compound."—Mrs. Ella Wood, Chester, Ark.

When a woman like Mrs. Wood is generous enough to write such a letter as the above for publication, she should at least be given credit for a sincere desire to help other suffering women. For we assure you there is no other reason why she should court such publicity.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
